2018-2023 Results Framework

Mobilize Resources

Financial Resources

Volunteers & Community Engagement

Advocacy, Education & Community Outreach

Convene / Collective Impact

Build Stronger Communities

Direct services and supports

Services and supports to individuals and families

Systems Improvement

Increased community capacity via training, policy change, convening, partnerships and resource development

Improve Lives

Our 4 Community Impact Areas are designed to deliver positive lasting change by forging innovative partnerships, finding new solutions to old problems, cultivating the best resources and inspiring action to create the change we all want to see in Gallatin, Madison, Meagher and Park Counties.

I. Basic Needs

All community members experience an improved quality of life because more people's basic needs are being met.

II. Behavioral Health & Mental Well-Being

Our community is healthier and more resilient due to a shift to a new collective mindset and understanding of behavioral health / mental well-being and how to improve whole-person health.

III. Child & Youth Success

Children have a strong start and a strong foundation for success in school, work and life.

IV. Senior Stability

Our community is addressing current senior needs and is preparing for future demands.
